THE PREZ SPEAKS!!!

Hi everyone,

Well fall is nearing and the bands are starting to come alive, as 15,17 and 20 have had European openings in the morning. 80/75 and 40 meters morning long path is also showing signs of life. Hopefully conditions will continue to improve for the CQ SSB contest at the end of the month. This contest will be a great opportunity for anyone needing a missing zone or wanting to complete their DXCC.

The k7c group was very active and provided a lot of band countries.

ARRL Southwestern Division Convention is looking for volunteers. If you can volunteer 2 to 3 hours of your time to help out behind the scenes please contact Earl Davis on Site Registration Chair at (619) 267-9786. Leave a message and he will promptly get back to you.

Looking forward to seeing everyone at the meeting. Everyone have a good month, remember DX is, Contests are, 73's Jim.

San Diego DX Club Policy on content of

DX Bulletin and/or E-mail Reflector

The San Diego DX Club, a group of Amateur Radio operators, interested in the art of DXing, publish a monthly newsletter, and maintains an e-mail reflector where members and officers can post information of interest to other members.

Our policy is to print and/or post only information that is related to Amateur Radio, and not items of a political or religious nature, unless it has an impact on Amateur Radio, such as antenna ordinances, etc.

If a member wishes to have printed/posted any topic that is not Amateur Radio related, they can submit a copy to the club newsletter editor, webmaster, e-mail reflector moderator or any club officer, and the matter will be discussed and decided upon by the Board of Directors.

SDDXC Top Ten!!

We're lookin' at the top 20 in this category to accommodate the larger number of entries. Things remain stalled with only VU4 as a really new one since last year, and condx are sliding. Next year's Peter I expedition should help some of us, but without the impossible ones like 7O, and VU7, the top 10 is stuck. However the next 10 have room to move, so hopefully we will see some jumps by next year.

These scores were based on your direct reports and the club ladder, whichever was most current.

Each month, we will publish a top ten list for one of the lesser-recognized but hard won categories. Coming up next, CW, 10/40M and 80/20M. Please send me your totals for each band throughout the year and you will be listed in coming months. My email address is k6am at arrl.net or bring 'em to the meeting.

CHECK YOUR LOGS

It's time once again to recognize those of you who have made outstanding DX achievements during the year. Please check your logs and let me know if you worked your 326th current country or more than 20 all time new countries during 2005. Send your totals to the address above

Where's our radar detectors?

We are now SPEEDING!!

Check out our new web address. We have a new, and fast server, and an address that you can not forget.

Across

1. Right-angle adaptor
5. Solar blemishes
11. Style of ac power connector
13. Write (abbr.)
14. Light, strong metal (chemical symbol)
15. Orbiting bodies
18. Fail to hold
20. 100% copy
21. At right angles to the boom
23. Prefix meaning "of space"
26. Ionospheric level
29. Of the earth
31. Broken
33. Inductor loss resistance (abbr)
34. Electronic contact confirmation service
36. Peaks
39. Gamble
40. Visible path (abbr.)
42. Place into service
44. Diode used for switching
45. Just do this
47. Prefix for Norway
49. When the ionosphere is not quiet
52. Broadcast bands (abbr.)
54. Repetitive solar behavior
56. What's left after hamfest expenses
57. Prefix for Hungary
58. Type of flare
60. Orbiting solar satellite
61. Possesses
63. Maximum tubing diameter (abbr.)
64. Pacific continent (abbr.)
65. Ionizing radiation from the sun
66. Locations of terms in a book
68. Where the asteroids travel
69. Sky lights
70. Three-phase power with ground

Down

1. Electromagnetic field components
2. Signals the start or alarm
3. Stream of solar particles
4. Visually observe
6. British countries (abbr.)
7. HF listener
8. Splits light into colors
9. That (CW abbr.)
10. Trigonometric function
12. Contest logging program
15. High-latitude path
16. One who assists
17. System in orbit
18. Disturbances in the ionosphere
19. Transcendental number
22. Early rotating memory
24. Space shuttle mission (abbr.)
25. Roger Roger (abbr.)
27. Girl friend (CW abbr.)
28. Type of relay
30. Send everything after (CW abbr)
31. Prefix meaning "two"
32. Slowly moving pole
35. Quiet (abbr.)
37. Transmit (abbr.)
38. Flying saucers
39. Loss of all signals
41. Powered up
43. Angular height (abbr.)
46. Very small
48. Reflected signal
50. Sun's hot outer layer
51. One who examines for free
53. Entire
55. Legal rule
59. Combine
62. Type of non-invasive RF imaging
64. Contradictory moron
66. Heat energy
67. Orthogonal to N-S
